DECL. 28.03.2010

TO WHOM IT MAY CONCERN

TO WHOM IT MAY CONCERN

Canwest Technologies Inc. (CTI) is well known with their excellent performance for high quality valves. QUALITY is one of the keywords that focused by CTI.

CTI has been developing their production capabilities and capacities to keep up with industrial valves demands.

This keyword is to ensure that its products fully met thorough manufacturing and we are assured of its quality and timely delivery. To date, CTI has established strong reputation in oil & gas and petrochemicals in Malaysia and we proud to be one of the representative throughout Asia.

With the excellent combined that serve and process by the skills and knowledge its valves fleet, we have believe CTI is well poised to grow further and positively accelerates towards being a more successful valves company in the eastern 21 centuries.

Thank you.

Yours truly,

PHU THUAN NGUYEN

(CTI & Oil Station Manager)
